Notice To Policyholders Regarding Terrorism Insurance Coverage And Rejection Of Terrorism Coverage

You are hereby notified that under the Terrorism Risk Insurance Act your policy provides coverage for losses arising out of certified acts of terrorism, as defined in Section 102(1) of the Act. The term "certified act of terrorism" means any act that is certified by the Secretary of the Treasury, in accordance with the provisions of the federal Terrorism Risk Insurance Act to be an act of terrorism; to be a violent act or an act that is dangerous to human life, property or infrastructure; to have resulted in damage within the United States, or outside the United States in the case of an air carrier or vessel or the premises of a United States mission; and to have been committed by an individual or individuals as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the government by coercion.

You should know that coverage provided by this policy for losses caused by "certified acts of terrorism" is partially reimbursed by the United States government under a formula established by federal law. Under this formula, the United States pays a percentage of covered terrorism losses exceeding the statutorily established deductible paid by us as your insurer. The premium charged for this coverage does not include any charges for the portion of loss covered by the federal government under the Act.

You should also know that the Terrorism Risk Insurance Act contains a \$100 billion cap that limits U.S. Government reimbursement and our liability for losses resulting from Certified Acts of Terrorism when the amount of such losses in any one calendar year exceeds \$100 billion. If the aggregate insured losses for all insurers exceed \$100 billion, your coverage may be reduced.

The premium cost for such "certified acts of terrorism" is \$

Dear Valued Customer.

Have the growth of your business and rising labor costs reduced the accuracy of the payroll or revenue shown on your policy? Have increased costs and inflationary trends reduced the protection provided by your policy? Building and Business Personal Property insurance limits, once adequate, may no longer meet today's repair or replacement costs.

To help compensate for these inflationary trends, the limits of insurance for Building and/or Business Personal Property coverages have been increased by a modest percentage. To keep your policy current with rising labor costs and normal business growth, the payroll and/or revenue have also been increased by a modest percentage.

This renewal offer includes the adjusted limits of insurance, payroll, revenue, and premium for your policy. The adjustments are relatively small, and they're based on estimated increases in the past year's construction and repair costs, as well as other inflationary factors, such as rising labor costs and normal business growth.

These increases do not guarantee adequate coverage for any loss; they are based on estimates. It is possible, for example, that updates or improvements to your property or increased sales might cause your individual needs for coverage to be greater than the amount provided by these adjustments. If you have not reviewed your policy recently, the effects of inflationary changes over time create the likelihood that the increases we made are less than the increases you need for optimal coverage.

These changes are made to better serve your insurance needs, and we encourage you to contact your Farmers agent, who will be pleased to help you with a comprehensive review of your policy.

Acceptance of these changes does not waive the provisions of the coinsurance clause or any other policy clause.

Thank you for choosing Farmers. We appreciate your business.
